**Re: 400 Skokie Blvd. – H & R Block**

For the past 27 years, I have managed countless tenant improvement construction projects. For each one of these projects, cost and schedule have always, always been the most important issues.

WDI really made me look good on the H & R Block project! I received several kudos from the tenant and the landlord because you cut a 12 week schedule down to 10 weeks and saved several thousand dollars in the process.

What a team, what a company!

Sincerely,

**CB Richard Ellis, Inc.**
