RE: Build-Out  
HK Systems, Inc.  
387 Shuman Blvd.  
Naperville, IL 60563

Dear Jim:

This letter is to express my appreciation to the exceptional quality of workmanship your company demonstrated during the above referenced build-out at the General Motors Building.

Your company and its employees completed the project on time and under budget. Your employees did an excellent job having to work around tenants and their furniture.

Again, I appreciate the fine job you did for me and I hope we can work together on the next project.

Very truly yours,
