Re: Shell Vacations Office Construction

Dear Todd:

I want to take this opportunity to thank you for the outstanding way in which you completed this task. It is difficult enough to complete this type of work on time and on budget without the added challenges of superimposing a new design while the existing operation continues all around your work. It is a testimony to your organizational skills and your employees work ethic that our employees have gone out of their way to praise your onsite staff for the exemplary way in which they complete their work. To the man, your crews are outstanding.

Very truly yours,

Encl:
