Dear Todd:

I wanted to let you know your staff did a great job with the build-out of our new space at 50 E. Commerce in Schaumburg.

Both Jim Nolan on the sales side and Bill Braddock on the construction side were great to work with. Jim patiently worked through all of the details in capturing exactly what we wanted in the new space. Bill did an excellent job of managing all of the loose ends during construction and bringing the project in on time and within the allotted budget.

Our firm prides itself on delivering great service to our customers and when we receive it from a supplier we like to recognize that organization as well as the people involved. Please extend our deepest appreciation to Bill and Jim for a job well done.

Sincerely,
