Mr. Todd Nelson,

I want to Thank You for supporting PepsiCo's Global Community Service Project during the week of August 24, 2009. We are very thankful to have such a caring and supportive group of individuals from your organization during our 4 day event. I know what the costs are to have the services you donated with your staff and we would not have had such an impact with this facility without you and your team supporting it.

The Administration staff of the Boys & Girls Club of Dundee Township has a facility now that they can look forward to each day and are proud of when they walk into work each morning. Your support to the electrical, wall demolition, plumbing upgrades, ceiling patching and all the other miscellaneous tasks your staff supported truly made the difference at this facility.

I sincerely thank you, Bill Braddock, Marc Nelson, Tom Bowles, Juan Montano, Sam Abboreno, Gonzalo Jaramillo, Bob Swissler & Raffi Shahrikian for all their time and talents with this project. You have a proven team that has outstanding values.

Thanks again for everything.

Sincerely,

A handwritten signature in black ink, appearing to read "Steve Ehardt". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Steve Ehardt
Sr. Manager Facility Operations
Barrington Global R&D
