

**SHERWIN-
WILLIAMS**
AUTOMOTIVE FINISHES

To: Bill Braddock, Woodrow Development:

Bill,

I would like to take a moment to Thank You for the re-modeling job that you did at our Training Center 2 weeks ago.

We could not be any happier with the finished result.

Both the Painting and the Carpeting crews were professional and thorough. This was by no means an easy task, having to move all of the furniture from the offices, replace the carpeting, then remove the old wallpaper from the walls and repaint. When it all was completed, everything was put back like it should be and all of the fine “details” were handled. It was a pleasure dealing with them.

I also want to compliment you personally on the way that you handled the project. Always stopping by to inspect the progress and the promptness you showed in answering e-mails and phone calls.

This is a highly visible Training Facility for the Sherwin Williams Company and we’ve already had many comments on how nice the facility looks.

It was a pleasure doing business with you and I would highly recommend your firm to anyone!

If anyone would like to contact me personally, they may feel free to do so.

Thank You,

Marty Dewey
