

Choice Manufactured Parts, Inc. is a new startup operation residing at 2012 Corporate Ln unit 124 in Naperville IL. I worked with Woodrow Development in the renovation of our 19,000 square foot distribution facility with new carpet and paint. The project finished a day earlier than our initial deadline.

Our project manager with Woodrow, David Gaulin, supervised and coordinated his team through the renovation process. David did an excellent job communicating regarding the project status. The subcontractors were courteous and worked around our needs to start operations.

The whole process working with Woodrow Development was positive. I would highly recommend Woodrow Development and David Gaulin for any construction needs.

Regards,
