

To Whom It May Concern:

We have just finished an addition to an existing space at Nadler Financial Group in Deerfield, IL. Our contractor of choice was Woodrow Development out of Glenview. The level of professionalism, impressive timeliness and finished product far exceeded our expectations.

David Gaulin was assigned as our Project Manager for this add on project. David was always available for phone calls as well as responding quickly to any issues that came up. Woodrow Development and David Gaulin completed the job ahead of schedule with only a few minor punch list items, which were taken care of right away.

I would highly recommend Woodrow Development and David Gaulin for any upcoming construction project you and your company may have.

Sincerely,

John Jablonski
