Our Children's Homestead

Troy Reeves

Executive Vice President of Operations

Re: Woodrow Development Inc.

To Whom It May Concern,

I worked with David Gaulin and Woodrow Development, Inc. while transitioning into a larger office space for the foster care agency that I work for, Our Children's Homestead, in Naperville, IL.

Due to various factors, this project required an accelerated construction schedule. I was very pleased that the project was completed on time and that Dave was on sight throughout the process to answer questions and problem solve. The follow up calls were very professional and any issues were addressed and resolved in a timely manner.

The local staff was very pleased with the finished product. I would highly recommend them.

Sincerely,

Troy Reeves
