Leasing Director

Re: Woodrow Development, Inc.

To Whom It May Concern,

I worked with David Gaulin and Woodrow Development, Inc. on a downsize and renovation for the Voya office in Lisle, IL.

Due to various factors, this project required an accelerated construction schedule. I was very pleased that the project was completed ahead of schedule. The weekly construction calls were very professional and any issues were addressed and resolved in a timely manner.

The local staff was very pleased with the finished product. I would highly recommend them.

Sincerely,

*Timothy Varriale*
